

Institutional Membership of AMEE

As an institutional member of AMEE, you are part of a community of organisations that stretches around the world. Institutional membership not only gives you many tangible benefits, but marks you out as an organisation committed to excellence in health professions education and development and improvement in the field.

At AMEE, our vision and mission are clear. We exist to promote and inspire excellence, collaboration and scholarship across the continuum of health professions education, transforming healthcare for all and, ultimately, improving patient outcomes and experience. As an institutional member of AMEE, you will clearly demonstrate your commitment to this aim and to improving healthcare for everyone.

AMEE Institutional membership gives your organisation access to a wide range of benefits, including:
